“ Thinking of you, I miss you so much. Every time I think of the times we've spent together or if I'm looking at your picture in my wall unit, on my glass table or pictures in my phone, I often wonder if you're okay up there. I'm always thinking of you. I think of you when I'm going to Walmart or just shopping period. I think about you all the time. I think about you when I need advice, I think about you when I'm cooking. I think about you all the time just because. I'm just always thinking about you and missing you all the time. I love you so much, until we meet again S.I.P. -Chakema

“

I feel so Empty without you
Apart of me has left with you
I feel like I should have been there more
I need you here ma
I'm lost without you
I'm ready to flip but you telling me go harder
Asking myself why my Mother
Why you leave me
Type of pain I feel I can't even explain it
The type of pain you felt I couldn't understand it
You were tired of the pain but you were strong
You fought
Told me you don't want to go through this anymore
I felt your pain when you cried
I hid my pain and held my tears bacc when I hugged you
To keep us both strong
We fighting to the end with you
Wish it weren't you
I knew this day would come soon just didn't think it would today
It don't feel real
I feel you here with me but I just can't see you
I just want to hold you
Every time I lay down I hear the sound of my phone ring
Knowing it's you face timing me
I look up my phone hasn't ringed
I lay down I hear the sound of my phone ring
My Heart My Best Friend
Plenty times I thought I felt I was at my lowest
Not knowing what to do
I'm really at that point where I don't know what to do with myself
The pain inside I can't even control
I can't even fight it
Got me spaced out like I'm on something
Can't make sense of this as i stare ahead with blank thoughts hoping you reappear
infront of me
Never met my Grandmother but she passed away when my mom was young I see
her cry about her mother and I feel her hurt but I don't understand her pain
Now that I replay that scene in my head
Her pain is now felt
So much memories I can't even count
No matter what I put her through
No matter what I did
She stood by me as if I was right even if she didn't agree with it
She give you tough love
A love that's real
Something you feel
Nothing you ever had to question
You going to know how she feel whether she liked you or not

She always stood never sat
From her Demeanor to her
Attitude
From her
Cooking to her Baking
My mother was real as they come
The best friend I never had
You knew me like a book
Like the back of her hand
I couldn't put anything pass her
She call your bluff fast
Argue like brothers and sisters
Laugh like nothing ever happened
You were my GM to a NBA player
My Answer for everything like A.I. to the Sixers
The bond we shared was like no other
Relationship couldn't compare to another
Together we were like a Super sayin
That Intuition that feeling our Spirituality
From a Son to his mother
From a mother to her son
Forever Omnipotent
Love you Mother

“ My big sister, cousin, friend. Always remained true. Always told me what I needed to hear- whether I wanted to know it or not. I have always looked up to you. You are love. I am so happy that we got to spend that last afternoon in August together. I brought you some rum cake fresh from the oven and we ate it while it was still warm. We were just enjoying being together- I miss you already
