“ ” I want to say something to all of you who have become a fabric of my life.

The color and texture which you have brought into my being have become a song and I want to sing it forever.

There is an energy in us that make things happen, when the path of other person's touch ours, and we have to be there and let it happen.

When the time of our particular sunset comes our thing our accomplishments won't really matter a great deal. But the quality and the care of which we had loved others will speak vetality of the Great gift of life we have been for eachother " Weston monks song of ruth

I am so thankful for you and your farther being a part of my life.

I will live and think of you everyday, I will offer up all my daily struggles to you and those that have gone before me.

Love you Will
