“ *Liyah your heart reflected from the inside and out. I was grateful to spend time with you and your siblings last year. We had such a wonderful time and that is how I will remember you. With your glowing smile and warm hugs, laughing and dancing the night away.*

*To my little cousins we are so sorry for your loss. I know that your mother loved you with all of her heart. Know that the good works that you will do will allow your mothers memory to live on.*

*To my cousins. I cannot imagine what you feel or are going through. One thing I know, is that Liyah loved you all to the moon and back. When I think of siblings I think of the love you share. May God continue to wrap his arms around you.*

*Your Aunt Deborah and Uncle Jesse are so proud of all of you!  
With Love,  
Vallie and family*

“ *I am still processing this transition. I went to AC last Saturday and could only think about the times we went. We bonded more after Aunt Lena gained her wings. You knew some of my biggest challenges and vice versa. You will surely be missed. I wish this was a nightmare, so I can wake up from it.*

“ As the oldest sibling, our Mother Mary, SIP, always told me to take care of you all. I did my best to lead, nurture, love, and protect. I couldn't save you from illness but I was by your side to make you feel loved until you took your last breath. My life will change forever without you in it. Just know one day we will meet again. Love your big Sistet Shanice. Also, your sister in "Blue"...My "Lee Lee"❤️
