“ As the days get closer to me saying my final goodbye to my big brother. Words cannot express how hurt I am. To take a loss this big during the holiday season. This doesn't feel real, we just spoke not too long ago. I'm gonna miss watching you Dj-ing in the room for hours while I played with your X-Men action figures. And the only way you would stop was if Mert said enough or if the neighbors made a noise complaint to the cops . And even then you wouldn't stop playing music. Your love and passion for DJ-ing was unmatched. That's all you wanted to do. I remember you use to drive me around on your lap and mommy would have a fit behind it lol. I also remember the time you took mommy and Mert cigarettes and they tried to jump you in the house behind that lol. You had a playful personality. Always smiling always positive. We talked on the phone for hours and you telling me how proud you are of me and that I'm on the right path in life . And to keep on doing me . I am gonna miss you driving down Monroe calling me “Ant live”! You would never let me forget how you brought me home from the hospital. I was like your baby before you had your kids. I will do my best to be there for your children to give them all the love and support they need . Bryan aka DJ Bedrock my big little brother I am going to miss you kid! Tell mommy, Mert and aunt Sweet Pea I said hello... until we meet again! 😞😔🕊️💔🙏

“ In memory of my beloved brethren Bryan aka DJ BEDROCK-Moneyroe

You will be missed good brother. A untimely and unexpected passing sent shock to all of us who's still grieving the loss of your loving soul. I think I can speak for most of us that we will truly miss your presence, smile, calmness and toons-music. Dedicated Father of two. Bryan would sacrifice his life for his children happiness. He loved his daughter and son dearly.

DJ Bedrock took his passion for music serious! Bryan once called me from my cousin phone down in Virginia to FaceTime me just to show me that he drove down to DJ a party for my family. We would take drives just he and I to Philadelphia to check on a property we had business ties to and on the way back to NY we would always stop at Gino's to grab a couple of Philly cheesesteaks. Just talking about family, children, life and business.

I'm going to truly miss you "B".

*May God continue to richly bless your children beloved 🙏🙏🙏💙🙏🙏
🙏🙏 Go Dj Go Dj*

“ *Dear Family and Friends,*

Today, I honor my beloved cousin, DJ Bedrock—a true legend in music and in life. His talent behind the turntables was matched only by the kindness and passion he brought to everyone he met.

As a DJ, he was unparalleled, blending hip-hop, R&B, and reggae with soul and skill that kept the world dancing. But it was his generosity and love that truly set him apart. I'll never forget the time he supported me without hesitation during one of my toughest moments, promising he'd always be there—and he meant it.

DJ Bedrock's legacy is more than music; it's the lives he touched and the love he shared. Though he's gone, his spirit will forever echo in our hearts and the music we cherish.

Rest in peace, DJ Bedrock.

*With love and respect,
Your cousin, Coop*
