“ *You will definitely be remebered for your unique personality and caring ways. I have good childhood memories of visiting you, your apartment was always nice and clean, smelling all good with your boricua sazón! Music on, your drink in one hand cigarette in the other!*
I will always remember and respect you as the good strong woman you were.
I hope your dancing again!

“ *I admired her strong personality. She was always firm in her ways and this is what made her unique, I learned something from her...as a woman you had to stand your ground boy did she make that look easy, I'd watch her dance in the living room with her salsa loud big smile with her cup in hand, she didn't miss a beat nor did she spill a drop. She will be missed.*
