“ Unique taught me how to be a man, how to be a brother, how to be a person with integrity, and I'm grateful to have had him as my uncle. He always knew the right thing to say and we had so many amazing times. I'll never forget him teaching me how to change brake pads on a car, or taking me to get my first chop steak sandwich at the store. I'll never forget all the stories and laughs we shared. He'll always be with me.

“ *Mr. Brown showed me what it was to a supervisor. He taught me that it's a number game. If your numbers are good then you'll be good. I remember when I became a supervisor he called me and said I guess the student has become the teacher now. LoL if it wasn't for him I wouldn't be where I'm at now in pest control. Thank you and Rest in power*

A man who can never be forgotten. He left a mark on this world and in people's hearts. If we are judged by how many loved you , then Brown has the biggest wings in heaven. I love you and will miss you.
