“ *I met Donald when he was a student @ P:S72 when I was a Project Director for the Local Development Corporation of East New York. I ran the after school program there. Donald attended the program and stood out from the rest of the students because he truly was interested in getting the help that he needed, The relationship span over 30 years Donald is /was always a gentleman 'loving' and considerate of everyone's feelings. Donald became a Special person of interest in my life. Donald you will always be a part of me 'and I will always take you with me wherever I go. Rest In Peace Donald .I Love you to the Moon and back, I've asked my mother to look out for you until I get there. Mom's name is Ms. Grant just call out her name and she'll be there watching over you for me. Love You to the Moon and Back. Ms. Grant Parker. Linden Plaza*
