“ To my lovely grandmother who I loved so much. You will truly be missed. Now on to the memorable moments we had together. Our phone conversation would last so long and you always was concern about how I was doing. You used to love keeping your mind busy doing your word search books and now I am going to get me some books. You was a fan of Betty Boop. I used to be your hairstylist and cut your hair cause you didn't trust noone in the salons but you never wanted me to sweep the hair up lol . You wouldn't let me get the broom lol. We would go food shopping and I would bring up your groceries all the way up to your kitchen and you would tell me to just leave the bags by the door and you would do the rest but I never listened. You will always have a place in my heart. I never wanted this day to come. I love you so much and I know you are not alone. Miss you Titi Alice and Miss you daddy.... Love Nana
