“ *Johnny parker known to me as poppa . He knew me as a child and was like a poppa to me. He had my all respect and a great since of humor. I would try to sing the gospel keynotes songs to him because they were one of his favorite gospel singers and he would laugh and say please dont sing Phyllis let the boys sing and laughed. Rlp poppa. No more worries ,or pain. I'll see you in Heaven with all the other Angels.*
