“ *Nano!!! You were my brother from another mother! Words can't describe the feeling! I will miss our weekly FaceTimes and texts. You always made us laugh. You were the kindest soul and heart I have ever met in life. This world was a better place with you in it. God gained an angel and we gained a guardian. I love you soup so much and in disbelief I won't see you again. I'm want paule and you to call me and say you 2 played a cruel trick on me. Just don't want to believe it. Thank you for everything you did for me and my family, we will cherish all our memories. Rest In Peace my brother. Till we see each other again.*

“ Jose, I'm in shock, disbelief and utterly heartbroken. I can't believe that you left us way too soon. I pray that God gives our family the strength to be stronger and go on each day knowing that as the days go by, it's just a day closer until we reunite again. I miss you, wished we lived closer to have spent more time. I love you cuz!  
Sincerely,  
Jenny

“ My dear cousin Jose,

*What can I say.. It's just a shame and sad your gone. You were so young. I still cannot believe it. Your presence, smile, laughter, jokes and hugs will be missed dearly. You period are going to be missed dearly. I remember you popping up to my 30th birthday and surprising me along with poochie and my brother and taking a quick picture with me. I must find that picture now. I remember you came to my house once for a quick visit with your father. Everything was just too short of a time and wished we would've spent more time and days together. This very sad and heartbreaking. I love you Jose. You will never be forgotten. May you sleep in peace. You are with the angels now and watching over us with grandma. I love you!!*
