“ *To the Mills Family*

What a wonderful meek personality she was. Mrs. Mills gave so much more than any random conversation of small talk. Speaking with her was like experiencing something new. At a very young age I was greatly impressed with her love for literature, her passion behind the three (3) long movies that she would watch on T.V. Mrs. Mills spoke with confidence and in a very scholarly manner. She made more references to facts than any news commentator. When she spoke her animated demeanor and head bobbing gestures (which I loved) commanded your attention. My most memorable and enjoyable interaction with Mrs. Mills is definitely the times we had bible study together. She appreciated her personal study of the Bible and humbly acknowledge God. She enjoyed learning about God's purpose and how she would fit in. She has definitely touched my heart over the many years I've known her. So to All her Family and Friends "Thank You" for unselfishly letting me experience the joys of knowing such a beautiful soul Mrs.Lelia Mills.

“ *Mrs. Mills,
One of the most pleasant people that I have met in my life, always smiling and had a story to tell me about one of her children that are grown .she never told the same story twice it was always something new to say about one of them, and she didn't try to hide or sugar coat anything. Mrs. Mills loved her family so much and they loved her as well. she was happy and it showed on her face. In the fifty yrs plus that I've known her I have never heard her cuss not once. It's been a real pleasure to know someone like her, she will be missed.*
With Love
