“ *I'm not really good at expressing my feelings and this is maybe my 100th time trying to even come on here and write this so bare with me. We all know I'm always late to everything so yes it's TaTa, Ti aka Taisha Dean. Growing up hands down my favorite person in the world was my Grandma Dean ! All I cared about in life was being up under my grandma and going every where with her, Lol I was literally glued to her hip. If you knew her you were beyond blessed to have her in your life. My grandmother was the the epitome of an amazing wife, mother, grandmother and friend. She had the best energy and positive spirit I've ever seen and you just loved to be around her, I won't lie I've been in a bit of denial over the years and it was very hard for me to see her sick. How do you say goodbye to a real life superwoman ? I still can't. I'll just end this by not saying goodbye, but by saying I love you forever grandma I know your watching over me.*

“ To my family
Mama Dean was a blessing and the Jewel the best mother in love I
could ask for. I have several memories that stand out . First of all
she was kind , sweet and would speak her mind and tell you the
truth (ouch 🤔) I got a lot of those . My most memorable moment was
my visits to New York with the kids. She would say bring a empty
suitcase and the rest was history. You will be missed and in my
heart forever love Tammy and Tony

“ I have the best beautiful memories with Ms. Dean. I was her aide for so many years until she departed from this world 🌍, even the last day, I told her how much I love her. She never made me feel like an aid, I was part of her family since the beginning, she show me respect, kindness and love . We laughed and joked of many things together. Her family was my family, specially her daughter, Ms. Giselle, her son Ronald and so on. I can't described how beautiful she was to me, that's the reason I called her Mom or Mami. Never and argument or disappointed with me. She was an Angel to me. Rest in peace Mom and my condolences to your children and family. Love you today and always.

“ I can't believe you are gone. I just spoke to you a few days before, and I thank God for our last conversation. We worked together in Church, especially The Floral Club. Your leadership was inspiring and spiritual. Under your leadership, we went out as a group, we were invited to your home. Your smile lit up a room, and your wit was amazing. You even began the Junior Membership of the Floral Club, and my Granddaughter Ashley was the first Member of that group. You will certainly be missed. SLEEP IN ETERNAL PEACE, GONE BUT NEVER FORGOTTEN!

“ My mother, Margaret, touched the heart of a lot of people along her journey . If you knew my mother, you were truly blessed to have been a part of that journey

To know her, meant you felt her caring, determined, ambitious energy, she gave of herself unconditionally to family (she was our true matriarch) and friends (treating friends as neighbors, and all neighbors as family). She was always genuine and truly gave from the heart, never asking or expecting anything in return....

She always gave you a kind but real word (the word that you may not have wanted but needed to hear), an ear (non judgmental and empathetic) to listen and food/shelter for your body and soul. Her temple, the flesh, may have transitioned but her spirit remains in each of us, throughout generations. She created her legacy and left us with the responsibility to continue working to be the best versions of ourselves that we too could selflessly lend that helping hand or give that extra moment to hear a person out, she left us with a gift of peace of mind and heart.

She's a phenomenal woman and now a transcended angel in GOD's Army, still watching over us all.

GOD BLESS YOU MOM.. I LOVE YOU
