To My Special Son

Read by Melvina Credell

It's sometimes hard to know why some things happen as they do
For so much joy and happiness was centered around you
It seems so hard to comprehend that you're no longer here
But all the happy memories will help to keep you near
You're thought about with each mention of your name
Death cannot change a single thing the love will still remain
My heart has been left broken since the day you had to go
And the memories I treasure dearly are in the tears that flow
You're in my thoughts every day and that's how it will always be
For you are up in Heaven now but you'll always be with me
