Michael Etienne Flowers. I was born January 28, 1983. I graduated from Alfred E. Smith High School. My hobbies are playing guitar, reading, and painting. I live with my mother, grandmother and little sister. I am currently attending school for a degree in Drafting, Biology, English, History and Math. One of my dreams is to become an architect and sculpt a new world for every one to live in. I would love to travel to different countries, and would enjoy experiencing all aspects of life like the Bahamas and South Carolina.

Unfortunately, we were unable to meet him because he was out of town but we were acquainted by his press secretary, Mr. Milne. He gave us a tour of the entire office. During our stay we discussed what progress Harlemlive has made and our plans for the future. We talked about having the Congressman visit the Harlemlive Headquarters and experience what we do, first hand.

This was a very special experience for me because this was my first time visiting my mother's childhood Harlem live location.
