“ Mom, where do I start? There’s not enough characters or words in the world that can express how I feel. I’m glad I gave you your love and flowers while you were alive. I am so thankful to have had you for 42 years of my life. The pain I feel is unexplainable, I have never felt a pain like this before. Knowing I will never hear you calling me and singing happy birthday or just your gentle words of encouragement. I’m really going to miss you and will try my best to get through this as I know you would want.

I will always love you and keep you and our memories in my heart. You truly were an amazing mom and I will never forget you.

Love,
Your boy (grandson)
Ramel

“ Our hearts mourn for the death of Rosalee. I've known Rosalee for over sixty years. During that time, we've shared many good times, and many sorrows. But what stands out is her love for her family and for God. My dear family, be at PEACE, she ran her race. Love you all! Thurmon and Barbara Myers

“ If roses grow in heaven, Lord please pick a bunch for me place them in my mother’s arms and tell her they’re from me. Tell her I love and miss her dearly and when she turns to smile place a kiss upon her cheek and hold her for a while. Because remembering her is easy I do it every day but there’s an ache within my heart that will never go away. Love you always mommy your daughter Shirley

My Grandmother Rosalee was more than a grandmother. She was my friend and loved by all she came in contact with.
