“ *To the Holmes/Overton Families,*

*I was so sorry to hear about the passing of Yvette. She and I grew up together in the Howard Houses - 260 Stone Ave. When we were children her father and my father would take us and our siblings to the baseball games at Shea Stadium. I will never forget those fun times. Even though we lost contact with each other as we became adults she was always in my heart.*

*I pray God's comfort and strength upon each and every one of you and know that to be absent from the body is to be present with the Lord. Earth has no sorrow that heaven cannot heal. Yvette is now looking down upon you as your guardian angel.*

*May God continue to bless all of you in a mighty way.*

“ It’s surreal that we have to say good bye. She would say that it’s not forever and that she’s watching over all of us just as she did in life. Yvette left an impression on my life and I will take her with me, hopefully in everything I do. She planted a seed of kindness, empathy and selflessness. Always getting me to think about others, their perspective and feelings. She would say, “But how does that person feel”, or “Why do you think they did that”. Sometimes I would listen to her and sometimes I wouldn’t. She never pushed but whether it was right then or later I would think about it. She was a conscience outside of me.

*She wanted us to be better, do better, and I will... especially with her voice in my head, that I hope will stay forever, a conscience inside me.*
